How to send the abstract:

You should finish the registration before sending the abstract. The registration number is required for sending the abstract, and the relevant topic to your presentation should be selected from the list of topics of the conference.

1. By e-mail: please send the abstract to the conference secretariat, leem-peem-v@spring8.or.jp as attached PDF file. The registration No. must be written in the body of the e-mail. The PDF files are not perfectly full-compatible over many computer systems. Therefore, we recommend to avoid use of special symbols or Greek letters. The unit "nm" is better than "Å", for example, and it is better to use "micron" instead of "μm".
